DETAILED ACTION

This is in response to the Amendment submitted March 24, 2004. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 26-39 and 73-78 are currently pending in this application.

Claim Rejections - 35 USC § 103

1. The 35 USC § 103 rejections as set forth in the previous Office action have been **withdrawn** in view of the convincing argument and amendment submitted March 24, 2004. It should be noted that in the arguments submitted March 24, 2004, Applicant states that claims 92-97 were added (see pages 5, 7, and 8), however, it appears that claims 73-78 were added. Therefore, Examiner is interpreting Applicants arguments directed to claims 92-97 to apply to claims 73-78.

Allowable Subject Matter

2. Claims 26-39 and 73-78 are allowed over the prior art of record.

3. The following is an examiner's statement of reasons for allowance:

Regarding claim 26, the specific method of depositing a conductive material on a workpiece and cleaning the workpiece in a chamber which includes depositing conductive material on a workpiece in a lower section of the chamber, raising the workpiece from the lower section to the upper section, positioning a movable guard

between the lower section and the upper section, and cleaning the workpiece with a liquid in the upper section was not taught or suggested by the prior art of record.

Regarding claim 73, the specific method of depositing a conductive material on a surface of a semiconductor workpiece and cleaning a top surface of the conductive material which includes depositing the conductive material on the surface of the semiconductor workpiece in a lower section of the chamber, raising the workpiece to an upper section of the chamber, separating the lower section and the upper section with a movable guard, and cleaning the top surface of the workpiece with a cleaning liquid in the upper section was not taught or suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
